

### **Women of District F Survey**

As part of Commissioner Brager's community outreach program she will be facilitating a "Women of District F" roundtable panel.

The purpose of this group will be to identify issues within District F and Clark County as a whole through the eyes of her female constituents. The goal of these efforts will be to resolve these issues and strengthen the female presence in local government both now and in the future.

The roundtable discussions will happen four (4) times a year at different locations within District F, with the first roundtable to take place in February 2012.

If you are interested in participating in this roundtable panel please click on the link below to fill out an application. We will be choosing eight (8) participants to be a part of the panel. However, the meeting will be open to the public and therefore, even if you aren't chosen to be a part of the roundtable initially you will receive an invitation to come watch the discussion and ask questions of the panel.
